

# GUPPY BRIEFS #17

## Aquarium Sealant

(GE # 1 Sealant from Home Depot or Lowes)

Frank Schulterbrandt 2/2/2017

This is just a cheap way to use this product to seal your tanks without the increased cost of the product and the shipping cost. In most situations there is a Home Depot or Lowes within a few miles of most homes in the USA ?? You will need a caulking gun to use this product ... Just make sure that it is GE # 1 ... Do not and I repeat do not use GE # 2 as it has additional undesirable chemicals in it.
